- **Catalogue Rights:** The Chair of the GE/GRPC Committee asked for clarification on the status of catalogue rights for students given changes going into effect in Fall 2025 for the General Education requirements. In the past, students have been allowed to opt into an easier pattern. Some students may assume they need to complete the pattern they are in. The GE/GRPC Chair was asked to send to the Provost and the Registrar the issues and a resolution. The Provost and Registrar will review the information and provide a response.
- **Football Subdivision:** It was requested that communication regarding Sacramento State's plan to move football from the Football Championship Subdivision to the Football Bowl Subdivision be provided. The media is reporting on the costs of the move, and it would be appreciated if the University could provide information to the university community.
- **DEI language on CSU campus websites:** Concern was expressed about the recent request from the Chancellor's Office for campuses to catalogue anything on university websites that could be seen in violation of Executive Orders regarding DEI. It was requested campus leadership push back on the Chancellor's Office.
