

Student Fee Advisory Committee

The Student Fee Advisory Committee (SFAC) is managed by the Vice President for Administration or their designee to review Category II and III fee proposals. The review Process includes the development of a statement of revenues and expenditures for consideration by the President and/or SFAC, prior to establishing, adjusting, or abolishing a campus student fee. The SFAC is to evaluate all existing fees annually, providing a detailed review of selected fees for possible consolidation or elimination. In addition, the Vice President for Administration or their designee is responsible for the submission of the various student fee reports annually to the Chancellor as required by EO 1102.

Faculty Representative

- Carolyn Gibbs, Faculty Senate Chair – Term: Fall 2025 – Spring 2026
