

## **University Enterprises, Inc. (UEI) Bookstore Advisory Group**

A prime objective for the Bookstore Advisory Group is to solicit information and experiences from administrators, faculty, staff, and students for discussion at council meetings and then to report the resulting resolutions in a timely manner. Some topics the council may address are:

- Improving communications between the bookstore and the entire campus community.
- Educating the faculty on our used book program and the importance of receiving course adoption information on a timely basis.
- Promoting the benefits the bookstore provides to faculty, students, alumni, and fans through an Annual Program Review presentation.
- Monitoring the on-time availability of textbooks for all classes.
- Recommending service policies that are customer friendly.
- Serving as a sounding board for new products (supplies, gifts, software, trade books, etc.) to help support campus life.
